Cultivating Joy in Our Learning Community

Guest Speaker: **Rosemarie Allen, Ed.D.**

Professor, School of Education at Metropolitan State University of Denver, and President and CEO of the Center for Equity & Excellence.

YOU ARE INVITED!

Even in the hardest times, joy can bloom.

At Mile High Early Learning, we see it every day.

But right now, the joy we've worked so hard to cultivate is at risk. **And we need your help.**

Our early childhood programs are facing challenges we've never seen before. Yet even now, we remain committed to one thing: giving every child a joyful, nurturing start.

2x\$! A group of generous donors are offering a matching gift of \$10,000—every dollar you give will be doubled until Stone Soup on June 11.
